

OPSINGULARITY

TAKE BACK CONTROL OF YOUR TIME

WE ARE THE SPREADSHEET WIZARDS YOU HAVE BEEN LOOKING FOR

As a business owner, you understand the importance of keeping track of your data and making informed decisions. But when you're buried in spreadsheets and manual data entry, it's hard to focus on what really matters. That's where **OP Singularity's** Spreadsheet Services come in. Our solutions can help you streamline your business processes, save time, and make better decisions based on accurate data.

Spreadsheet Optimization

We can help you design and optimize your spreadsheets to meet your specific business needs by leveraging built-in formulas. For example, we can use built-in functions to develop complex calculations, such as financial modeling or statistical analysis, efficiently for your company.

Macros & Custom Function Development

At Opsingularity, we specialize in developing customized macros and functions in Excel and Google Sheets. These functions will reduce your clicks significantly, turning a 45 min task into a 2 min breeze, allowing you to be more productive and efficient with your time.

Spreadsheet Automation

For larger workflows that require data from multiple sources, we offer a more comprehensive service that will integrate external code, such as Python, into Excel and Google Sheets, providing a powerful and flexible solution that can handle complex data manipulation and analysis tasks with ease.

Risk Free Offer

We offer a risk-free trial for all our automation services. If your company does not experience the value or time savings that we quoted, we will issue a full refund and work with you to restore the original processes at no additional cost.

Pricing

Our pricing for this service is based on the complexity of your project. We understand that each project is unique and requires a customized approach, so we offer a personalized pricing model that takes into account factors such as the scope of work, the level of expertise required, and the resources needed to complete the project. Our goal is to provide you with the most cost-effective solution possible, while still delivering high-quality results that exceed your expectations. Contact us today for a personalized quote based on the specifics of your project.
